

60% af kroniske sår indeholder biofilm, hvilket kan forsinke helingen¹.

Iodosorbs unikke 4-i-1 virkning har vist sig at forstyrre og hovedsaglig ødelægge udvokset biofilm fra *P. aeruginosa* (*in-vitro*)^{2,3} og samtidig accelerere sårhelingsen.⁴⁻⁹

Modsat biofilmen - er resultaterne tydelige at se.

IODOSORB[®]
Cadexomer Matrix with Iodine

Biofilm – En årsag til forsinket sårheling

- Biofilm er dynamiske ophobninger af bakterier og svampe der lever inden for en beskyttende egenproduceret matrix af sukkerstof og protein.
- Forskning viser at 60% af alle kroniske sår indeholder biofilm.¹
- Forekomst af biofilm har vist sig at forstyrre den normale sårheling.
- Resultatet er et ikke-helende kronisk sår, der stagnerer i inflammationsfasen.
- Hvis du har behandlet et kronisk sår uden fremskridt, på trods af god sårbehandling, er det sandsynligt at du har haft med biofilm at gøre.

IODOSORB® har vist sig at forstyrre og reelt fjerne udviklet biofilm fra *P. aeruginosa* (*in-vitro*)^{2,3}

Antimikrobiel bandage performance efter 24 timers anvendelse på fuldt udviklet *P. aeruginosa* PAO1 biofilm (*in-vitro*)¹⁰

IODOSORB Bandager

Varenr	Størrelse	Pakning
66001290	IODOSORB 5g	5 stk
66001291	IODOSORB 10g	3 stk
66001292	IODOSORB 10g	5 stk
66001293	IODOSORB 17g	2 stk

IODOSORB Salve

Varenr	Størrelse	Pakning
66001298	10g	4 Tuber
66001297	20g	2 Tuber
66001299	40g	1 Tube

IODOSORBs unikke 4-i-1-effekt

IODOSORB er en effektiv oprensner^{4,6,11,12} – hjælper til at rense sårbinden og forberede den til effektiv sårheling.

IODOSORB har en høj absorptionskapacitet^{4,6,8,9,12,13} – bidrager til debrideringen ved at absorbere overskydende eksudat og rester af dødt væv.^{5,7,12,14}

IODOSORB giver vedvarende frigivelse af iod^{14,15} som har et bredt spektrum af antimikrobiel effektivitet (*in-vitro*)^{8,12-14,16,17} hjælper til at reducere den mikrobielle belastning og fjerner barriererne for sårheling

- Langsom lokal frigivelse af iod.^{4,14}
- Effektiv mod et bredt spektrum af bakterier, inklusiv MRSA (*in-vitro*)^{8,12,13,14,16,17}
- Farveskift indikerer hvornår bandageskift er nødvendigt.¹⁵

IODOSORB Pulver

Varenr	Størrelse	Pakning
66001286	3g	7 Breve
66001288	50g	1 Tube
