Warnings
Do not apply directly in contact with the wound. This product is not sterile.
Do not put in contact with flames. Do not swallow. Avoid improper use. Keep out of reach of children.
This product is to be worn, not wrapped.
This product does not contain latex.
If the product is too tight, use a larger size.

Instructions for use

Wear this product in order to keep sanitary medications in place, choosing the appropriate size.

Product storage

Keep away from heat, humidity and light sources.

Related enclosed documents

Declaration of conformity to the reference regulations of each batch. Bill of lading.

Packaging information

Available in different lengths, as specified in the list of the available product versions.

Disposal information

Disposal must be carried out in compliance with related regulations.
In Italy, this product is disposable as "waste from processed textile fibers".

Guaranteed performances

Dimensional characteristics of the product, when stretched, are guaranteed.
This product lets skin breathe and allows maximum freedom of movement, though it keeps the dressing in place.
Biocompatibility tests have been carried out on the product, in order to prove its use suitability.

Composition

86% POLIAMMIDE 14% ELASTOMERO
