

# LombaStab 2

## Ergonomic design

Well-considered design combines wearer comfort and effective performance.

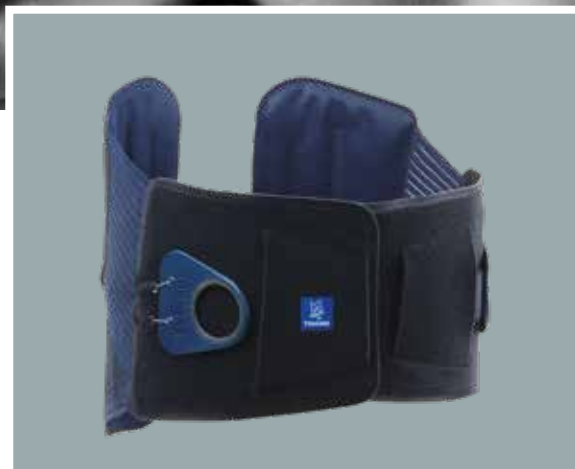

## Environment

We take into account the patient as well as the environment.

## Comfort

The quality of our products shows itself in the level of comfort experienced.

This back brace stabilizes the back through its stays and unique fastening mechanism. It ensures noticeable and effective stabilization of the back, high wearing comfort, and is easy to use.

The back brace is suitable for non-specific lower back complaints (acute, subacute, chronic) and lumbar stenosis. This back brace has a height of 26 cm.

## Indications:

- A-specific lower back complaints (acute, subacute, chronic);
- Lumbar stenosis
