

UFS-system

Universal Fixation Splints

Lightweight

Thoughtful Design
Because cork is lightweight, it provides a high level of comfort.

Natural Cork

Environmentally-friendly, sustainably produced natural product. Elastic and lightweight.

Universal Fixation Splint

Patented, disposable splint system made of cork.

Children

Complete range of products, specially made for children.

The splint material of the Universal Fixation System is an innovative, ready-to-use product made from cork and applicable across a wide range of indications. Due to its unique properties, the splints are suitable for immobilization throughout the entire treatment course of the patient. The UFS splints are comfortable, easy to apply, quick to use, dust-free, and fully radiolucent. Available in various applications and sizes, including junior sizes.
