

Lumbosacral Brace High (32 cm)

Ergonomic design

Well-considered design combines wearer comfort and effective performance.

Environment

We take into account the patient as well as the environment.

Comfort

The quality of our products shows itself in the level of comfort experienced.

The brace helps to recover as quickly and effectively as possible. The Lumbosacral Brace High has a height of 32 cm and is anatomically designed to provide support to the lumbosacral area. The brace features a wide, easy-to-fasten Velcro closure at the front. The six adjustable Velcro straps allow for better regulation and adjustment of tension in the back area.

Comfortable – Unisex – Hygienic: Soft cotton in contact with the skin, made from breathable woven material.

Indications:

- Lumbago
- Sciatica
- Osteoporosis
- Lumbar protrusions
- Lumbar osteoarthritis
- Lumbar muscle contractures
- Discopathy
- Lumbar hyper/hypo lordosis
