

## SANDEL® TIME OUT™ SKIN MARKERS AND PERMANENT MARKERS

NEVER EVENT PROTECTION

### A full line of markers for surgical site marking and medication labeling

Ansell offers a full line of skin markers and permanent markers suited for individual facility needs.

SANDEL TIME OUT skin markers are designed to mark the correct surgical site on a patient's skin prior to a procedure and in compliance with The Joint Commission's Universal Protocol for preventing wrong-site surgery. Time Out is the verification by the surgical team, prior to the initial incision, that the team has the correct patient, correct procedure, and correct area of the body.

SANDEL permanent markers are ideal for writing on medication labels.
