

ENCORE[®] Latex Underglove

S U R G I C A L G L O V E S

Latex, powder-free surgical green underglove for effortless double gloving

KEY FEATURES AND BENEFITS:

- Contains glycerol and dimethicone as moisturizing agents to help retain moisture and rehydrate skin
- Low-friction outer-surface finish offers effortless donning and optimal comfort when double gloved
- Green color for easy identification of a glove breach
- The DERMASHIELD™ Technology internal coating together with the built-in moisturizer, facilitates dry and damp donning as well as intra-operative changes

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

Recommended For

- All surgeries, especially high risk procedures in orthopaedics, trauma, and cardiac
- Damp donning
- Easy identification of a glove breach
- Use as an underglove when double gloving

FEATURED TECHNOLOGIES

 **A.R.T.**
