One-piece Guedel airways

Safer by design

By using the latest manufacturing technology Intersurgical has produced the first major breakthrough in Guedel airway design for thirty years.

Combining two materials with very different physical characteristics into one moulding, our One-piece design eliminates the separate bite block found in all conventional Guedel airways.

Loose or detached bite blocks constitute a real threat to patient safety and have been the subject of several hazard notices in the past. Our One-piece design overcomes all of the associated risks.

As well as improved safety, the One-piece also incorporates a soft tip reducing the risk of trauma to the patient. We also offer a sterile option, providing a further choice.

Rigid body
To maintain a patent airway

Soft tip
Reduces risk of tissue damage

Softer second material
Reduces the potential for dental damage

One-piece design
With no separate inner bite block – safer by design

Nine colour-coded sizes
To meet all patient requirements

Clear colour-coding
For easy identification

Code	Description	Size	ISO	Box Qty.
1115120 (S*)	One-piece Guedel airway, purple	5	12.0	70
1114100 (S*)	One-piece Guedel airway, red	4	10.0	80
1113090 (S*)	One-piece Guedel airway, orange	3	9.0	80
1112080 (S*)	One-piece Guedel airway, green	2	8.0	100
1111570 (S*)	One-piece Guedel airway, yellow	1.5	7.0	100
1111065 (S*)	One-piece Guedel airway, white	1	6.5	20
1110055 (S*)	One-piece Guedel airway, grey	0	5.5	25
1100050 (S*)	One-piece Guedel airway, blue	00	5.0	25
1000035 (S*)	One-piece Guedel airway, pink	000	3.5	25

Lower environmental impact product

Sterile option available

(S*) Add an S to the seven digit code number for the sterile version of this product eg. 1112080S
