TD102

Date: August 2011
Supersedes: March 2011
Author : FG

Description:

The 3M Scotch-Brite™ Blue Floor Pad is a premium quality floor maintenance pad. It's made of high quality synthetic fibre, in an open textured non-woven construction. Cleaning particles are dispersed throughout the pad the thickness and bonded with a durable adhesive. Each floor pad has a pre-cut centre hole.

Special Features:

- Medium aggressive pad to remove marks and soil
- Open web construction to collect soil from floors
- Flexible pad for easier washing after use.
- Consistent performance
- Durable pad.

Where and When to Use:

| RPM | 150-400 | >400 |
|----------------|---------|------|
| Strip | X | |
| Scrub | XX | |
| Spray | XX | |
| Scrubber dryer | XX | |
| Buff | | |

XX Designed for X suitable

The 3M Scotch-Brite™ Blue Floor Pad can be used wet with an automatic scrubber-drier for regular maintenance of non-fragile floors (non-protected floors, non-shiny).

It is also used with single rotary floor machine (swing machine) for scrubbing of heavily soiled floors with detergent.

It can also be used in spray cleaning of medium soiled floors. It is also recommended for dry stripping soft floors such as linoleum.

Directions for Use: Scrubber dryer :

1. Install under the machine pad holder
2. Dust mop or sweep the area if necessary.
3. Scrub or spray clean the area .
4. Pick up scrubbing or cleaning solution with a mop, wet vacuum or automatic scrubber if necessary.
5. Rinse floor and let dry.

Maintenance of pad:

1. Remove pad from machine after each use
2. Rinse wash under tap water or machine wash or keep pads soaked in detergent solution before re-use. Avoid dirty pads to dry before washing.
3. Rinse and hang up for drying ..

Note: Recommended washing-machine temperature is 40°C.

Performance Advantages:

Removes more black marks than competitive pads. Scrub a floor up to 3 times faster Lasts up to 50% longer (3M Lab tests).
Durability : 10 000 sqm at 150 rpm.

Disposal Information:

Discard into appropriate container, for incineration, if available.
Packaging material: recyclable.
