

## O2-MAX™

### Emergency CPAP with Integrated Nebulization

Continuous positive airway pressure is becoming the standard of care for patients suffering from respiratory distress. The O2-MAX emergency CPAP system, can deliver up to 140 LPM of flow, with an approximate 30% FiO2. It includes a 3-SET™ option for PEEP of 5, 7.5, and 10 cm H2O to suit a variety of patient needs. What's more, this completely disposable system offers integrated nebulization without interrupting the delivered flow to the patient.
