RE-VERIFICATION OF DOCUMENT SUITABILITY

The normal expiry date/time for a printed non-controlled document is 06:00 on the day after the date the document was printed. If such a document is required for more than one day, rather than print a new copy each day, the existing printout can be manually compared to the electronic copy. If it is the same version, you may sign and date the following agreement for each additional day:

"I have compared this paper copy to the original electronic copy on the date shown below and certify that both are the same version number"
